

CANVASS OPENED FOR GRAND ARMY FUND

Subcommittees Start Work in
Business District to Get
Subscriptions.

Washington business districts are today being canvassed by 175 members of the several subcommittees of the finance committee designated to raise at least \$25,000 to defray expenses of the 50th anniversary of the establishment of the G. A. R. in this city in September.

The Marine Band's vacation, set for September 29, was postponed today until the month's end, that the band may be here for the encampment.

Col. Robert N. Harper, chairman of the finance committee, announced today that he had been in telephonic communication with the majority of the chairmen of the subcommittees and had reports that each of these smaller committees was busily engaged in covering the territory assigned to it.

The committee men had received thorough instructions as to the manner in which they were to solicit contributions, and a strong appeal was addressed through the newspapers yesterday to the general public. Colonel Harper and William F. Guide, chairman of the general committee of 100, are requesting the business men of the city to show sufficient interest in the celebration to refrain from keeping the solicitors from waiting untidily when they call to ask for pledges.

Secretary Thomas Grant today received from several organizations affiliated with the G. A. R. requests for accommodations for the annual convention which each of the associations will hold while in Washington. Charles F. Sherman, of Mt. Vernon, N. Y., commander-in-chief of the Sons of Veterans, asked that a hall be obtained that will accommodate 200 delegates; Mrs. Emma E. Finch, of Indianapolis, national secretary of the Sons of Veterans Auxiliary, a female organization, wrote that the auxiliary desired convention quarters that will accommodate 250 delegates; and Miss C. Hancock, of Atlantic City, has asked for a meeting place for the Civil War Army Nurses Association, which will send 100 delegates to Washington.

William T. Gallier, chairman of the committee on badges, is guiding numerous designs, and hopes to be able to obtain a badge that will be unique and yet distinctly representative of Washington. Local manufacturers are insisting the orders be placed in Washington.

Isaac Gane, chairman of the committee on decorations, today added the following to the committee: Monie J. Sancer, George T. Dunlop, John Hoobar, Appleton Clark and Walter Dunlop.

Spoiled the Breakfast.
MINNEAPOLIS, March 15.—Fire in a railway yard cooked 5,000 eggs and 200 bushels of potatoes into a perfect breakfast, but firemen spoiled it by turning in a large quantity of nasty chemicals.

CARLIN MAY MAKE RACE FOR GOVERNOR

Friends Think Congressman
Will Enter Contest To Be
Virginia's Chief Executive.

ALEXANDRIA, March 15.—Friends of Congressman Charles C. Carlin are expecting his announcement as a candidate for governor within a few days. Mr. Carlin has had the matter under consideration, and has received a large number of letters urging him to make the race. There are already three candidates in the field—John Garland Pollard, attorney general; Richard E. Byrd, United States attorney for the eastern district of Virginia, and J. Taylor Ellison, lieutenant governor. It is also reported that Harry St. George Tucker, of Lexington, who was a candidate six years ago, will also enter the contest.

The Odd Fellows' Hall is to be remodeled, a contract having been let to Capt. W. L. Martin. Work will be completed by March 20. The columns in the lower hall are to be removed, and their place taken by re-enforced structural iron work.

Funeral services for Mrs. Liera C. Marsteller Milburn, widow of the late John Milburn, were held this afternoon. They were conducted by the Rev. P. P. Phillips, rector of St. Paul's Episcopal Church, and the pallbearers were John R. Zimmerman, Urban S. Lambert, J. Van Schouwenburg, J. C. Wise, and Robert P. Knox.

A houseboat owned by E. L. Finks at the Dyke, was destroyed by fire yesterday.

Julian D. Knight was bitten by a dog belonging to William Penn yesterday. Justice Caton ordered the dog killed. Mr. Knight's wounds were cauterized by Dr. W. A. Warfield.

Mrs. Mollie Lyles, forty years old, wife of James Lyles, died today at her home, near Franconia. Her funeral will take place tomorrow afternoon.

In police court Arthur Holmes, colored, was fined \$25 for carrying a concealed weapon. E. J. McDonald, whose team knocked down and seriously injured Richard Logan, an aged colored man, on Saturday, was dismissed on the charge of reckless driving.

J. Fred Birrell, of the House of Delegates, who has been attending the special session in Richmond, returned home on Saturday.

The trial of William Quill, colored, charged with cutting of John F. Jones, colored, was commenced in the corporation court. Attorney Charles E. Corgan was assigned to the defense.

ROCKVILLE.

Samuel L. Davis and Miss Clara M. Hammond, both of Great Falls, were married in Rockville, Saturday, by the Rev. Samuel R. White.

The funeral of Miss Ida A. Gangewer, who died Friday, was held this morning from the home of Mrs. Frank A. Spencer, where she had her home several years. The Rev. John R. Henderson officiated. The internment was in Rock Creek Cemetery. Miss Gangewer was for many years a resident of Washington.

With Judge Edward C. Peter on the bench, the March term of the circuit court opened here today. The trial of civil cases will take place on March 25, the criminal cases will begin. Fifteen criminal cases are docketed for trial, but the number will be largely increased by the grand jury, which began work today.

Funeral services for Mrs. Harriet A. Caswell, aged eighty-two, widow of Hazel B. Caswell, who died Friday, were held today at the home of her son, F. Hazel Caswell, near Redland, being conducted by the Rev. Ernest L. Woolf. Burial was in Rockville Union Cemetery.

Swift & Company's sales of beef in Washington, D. C., for the week ending Saturday, March 13, averaged as follows: Domestic beef 10.50 cents per pound.—Advt.

ANACOSTIA.

The Penn Bridge Company has been awarded a contract to substitute a through-span for the deck-span in the Pennsylvania avenue bridge across the Anacostia river, to cost \$6,750. This must be done so the floating plant to be used in connection with the reclamation of the flats may pass under the bridge.

John S. Wagner, a member of Anacostia Council, No. 16, Junior Order of United American Mechanics, is dead. The council has taken action concerning his death.

The Rev. Charles E. Buck, rector of Rock Creek Episcopal parish, preached in Emmanuel Church last night. The daughters of the King admitted three candidates, Miss Florence Eno, Miss Clara Bradbury, and Miss Marian Butler. The Rev. W. G. Roome, Jr., rector, was in charge of the initiation. The Eastern Power Boat Club is planning an active program.

(All Rights Reserved)

ONLY a very small percentage of eyes are really diseased, but many persons who suffer eye-pains imagine that their eyes are diseased. The pain generally is due to eye-strain, which glasses will correct.

OPTOMETRY AND EYES

From a logical standpoint, a physician has no right to invade the sphere of the Optometrist by prescribing glasses, nor has the Optometrist any right to invade the sphere of the physician by prescribing medicine.

Each is a distinct profession. No medical college in the United States teaches Optics or Optometry, therefore a physician should adhere to his profession.

No college of Optics or Optometry teaches medicine, but they do teach their students how to determine whether an eye is diseased or not, so as to get the person needing medical attention into the care of a physician as soon as possible, as such cases belong to his profession.

Optometry is an exact science, being a purely mathematical determination of Optical errors of the human eye. All the medical knowledge in the world cannot aid in detecting an optical error of vision.

The Optometrist's existence does not depend on selling glasses irrespective of the condition of your eyes. His success is built on the satisfaction of his patrons.

To say he prescribes glasses when they are not needed is to insult the intelligence of thousands of Washington's best citizens, who know from experience that such a statement is an untruth.

—Published by an Association of
Optometrists.
